

Push your gaming experience to a whole new level

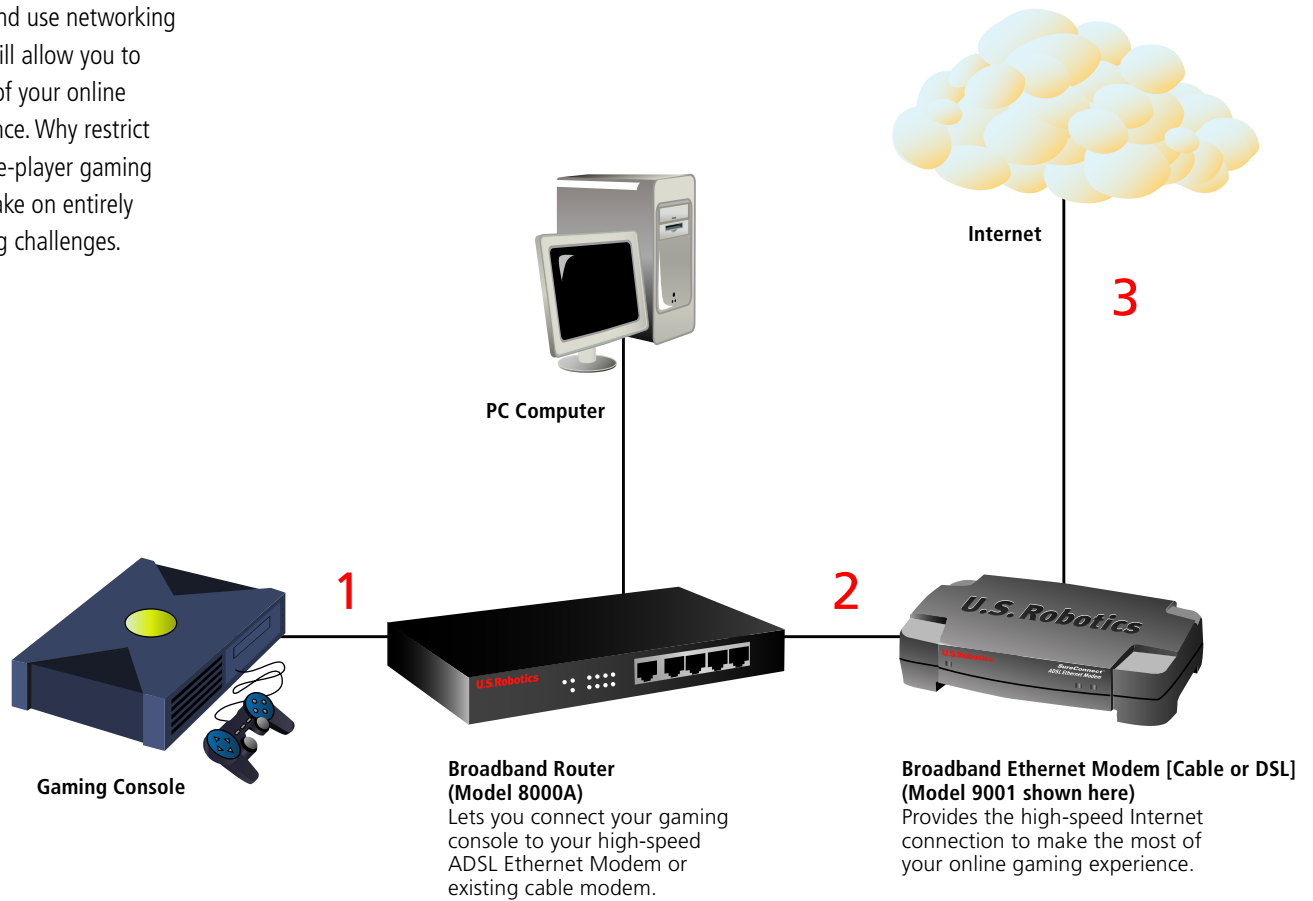

Grab your favourite drink, keep plenty of snacks within easy reach, and make yourself comfortable. Enjoy the challenge and excitement of real-time, multi-player online gaming without leaving the comfort of your home – any time you want.

Gaming Wired Solution

U.S. Robotics ethernet networking products make online gaming easy

U.S. Robotics offers a number of easy to set up and use networking solutions that will allow you to make the most of your online gaming experience. Why restrict yourself to single-player gaming when you can take on entirely new and exciting challenges.

1 Connect your gaming console to a Broadband Router

2 Connect the Broadband Router to an ADSL Modem or Cable Modem

3 Connect your Broadband modem to the Internet and let the games begin!
