

# Push your gaming experience to a whole new level

Put your gaming console in front of your big screen TV, turn on the surround sound system, and get comfortable in your favourite easy chair. Enjoy the challenge and excitement of real-time online gaming from the best seat in the house – without restrictions.

## Gaming Wireless Solution

## U.S. Robotics wireless networking products make online gaming easy

U.S. Robotics offers a number of easy to set up and use wireless networking solutions that will allow you to make the most of your online gaming experience. Why restrict yourself to playing games next to your PC or broadband connection when you can turn any room into a game room.

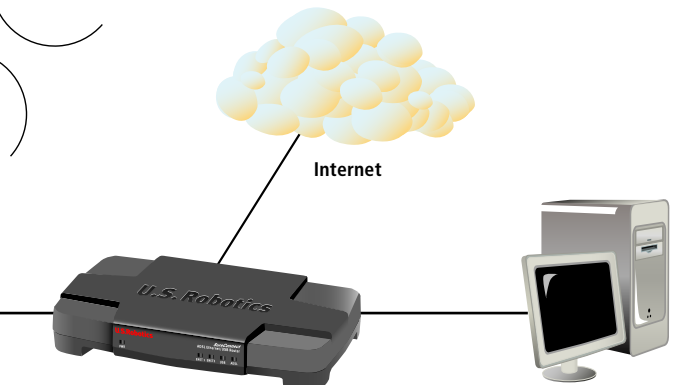

**1** **22 Mbps Wireless Access Point (Model 2249)**  
Provides a wireless "bridge" between your gaming console and another Access Point or Wireless Router.

**22 Mbps Wireless Access Point (Model 2249)**  
Wirelessly bridges your gaming console's Access Point and ADSL Ethernet/USB Router.

**22 Mbps Wireless Cable/DSL Router (Model 8022)**  
Lets you adapt your existing cable or DSL modem for high-speed online gaming.

**3 SureConnect ADSL Ethernet/USB Router (Model 9003)**  
Includes a built-in high-speed DSL modem to make the most of your online gaming experience.

PC Computer

**1** Connect your gaming console to a Wireless Access Point

**2** Connect another wireless base station, such as an Access Point or Wireless Router, to either an ADSL Ethernet/USB Router (with built-in DSL modem) or directly to any existing cable or DSL modem

**3** Connect your broadband modem to the Internet and let the games begin!
