USRobotics®
A Division of UNICOM® Global

USRobotics®, a Division of UNICOM® Global, is a global provider of world class network management and connectivity solutions for industries where Mission Critical access is imperative.

Known for exceptional product quality and reliability, USRobotics supports successful businesses by providing equipment for data transfer, Out of Band remote management, broadband backup, point-of-sale, and machine-to-machine functions.

CELLULAR MODEMS AND GATEWAYS

Combined GSM and CDMA gateways with serial and ethernet support designed for easy implementation. Exclusive drop-in dial-up replacement expansion card provides the simplest analog to cellular transition available.

Applications:
- Telco industry
- Remote Management, Maintenance, & Logistics
- Out of Band (OOB) Access, Broadband & Server backup
- Data Capture – Daily automated transfers and synchronization
- Point of Sale (POS) – Credit card and check verification
- Machine to Machine (M2M)
- Embedded systems

USB 3.0 PERIPHERALS

Transfer files up to 10 times faster than USB 2.0. Connect Super Speed peripherals like USB 3.0 external hard drives or HD cameras and save time with faster access and transfer rates of up to 5 Gbps. Easily expand the number of USB ports on your desktop or laptop with the USB 3.0 cards or hub.

Applications:
- Extend life of systems by adding USB 3.0 connections
- Expand functionality with additional ports for more 3.0 devices
- Reduce download time for professional photographers

NETWORK TAPs

A line of test and monitoring access products designed to increase network visibility and maximize existing network tools such as analyzers, probes, and intrusion detection devices.

Applications:
- Monitor & analyze network traffic
- Send aggregated data to Wireshark, Snort or tools that capture on only one NIC
- Meet compliance requirements to capture and analyze all data, including physical layer errors
- Monitor heavy network traffic

Popular Products Summary

Product	Part Number	Product Applications	Product Description
Courier® M2M 3G GSM/CDMA Cellular Gateway	USR3510	Out of Band Management Remote Server Maintenance & Monitoring Vending & Kiosks Fleet Management	Embedded Ethernet, Serial, and GPS certified for all major GSM and CDMA 3G cellular networks. Easy cloud based configuration allows fast 3G failover in minutes. Includes persistent connectivity, an automatic provisioning system, and an open architecture for easy customization.
Courier® Modemulator™ M2M 3G GSM/CDMA Cellular Gateway	USR3520 USR3516-EMU (Expansion Card)	Out of Band Management Remote Server Maintenance & Monitoring Vending & Kiosks Drop-in Dial-up Replacement	Simple and flexible wireless peer-to-peer connectivity for legacy M2M applications. Retain all current legacy software and remove the need for a new system redesign and deployment. Modemulator has unequaled flexibility with support for both analog and cellular connections.
Console Server & Power Switch Hybrid	USR4204	Out of Band Management Remote Server Maintenance & Monitoring Remote Power Management	Remote access for up to 4 console ports and control of up to 2 power ports over a single modem connection
Courier® 56K V.92 Business Modem	USR3453C	Point of Sale Out of Band Connections Server Maintenance & Monitoring	Robust business modem with lifetime warranty. Approved for use in over 100 countries, Remote management, Dial and Dialback Security.
56K PCIe Faxmodem	USR5638	Point of Sale Dialup Internet	Single lane fits any PCIe slot, full and low profile PCI brackets included, and common driver across OSs
56K PCI Faxmodem	USR5670	Dialup Internet	Cost-effective, full featured convertible to low profile fax modem. *Low Profile PCI bracket in box
56K Performance Pro Modem	USR5610C	Dialup Internet Point of Sale	Ideal internal for Windows and Linux, firmware upgradeable.
Low Profile 56K PCI Faxmodem	USR2980-OEM	Point of Sale Dialup Internet Broadband Backup	ONLY low profile controller based internal modem! *Standard PCI bracket in box
56K USB Faxmodem with Voice	USR5637	Dialup Internet Broadband Backup Point of Sale Data Capture	Extensive OS compatibility. Small and light. V.22 Fast Connect for POS. No Power supply needed. Retail box.
56K USB Softmodem	USR5639	Dialup Internet Point of Sale	Small and light, perfect laptop accessory. No Power supply needed. White box.
56K V.92 External Faxmodem	USR5686G	Point of Sale Dialup Internet Broadband Backup	Ideal external for Windows and Linux, firmware upgradeable.
10/100/100 Copper Aggregation Tap	USR4503	Network Monitoring and Analysis	Eliminate SPAN port contention, oversubscription, and configuration errors with full duplex monitoring, simple installation, and reliable access to your Gigabit Ethernet segments.
USB 3.0 Super Speed 4 Port USB Hub, 2 Port ExpressCard Adapter, 2 Port PCI Express Card Adapter	USR8400 USR8401 USR8402	Port Expansion	5 Gbps transfer speeds. Expand the number of ports available, while also providing more USB 3.0 ports to your system
USB 3.0 All-in-One Card Reader/Writer	USR8420	File Transfer	Fastest read/write times currently available. CF and dual SD card slots ideal for photo pros.
uShare® Mini NAS Adapter	USR8710	File Sharing	Turn a USB hard drive into shared storage on the local network and with an Internet connection allow easy remote access to file on the attached hard drive from anywhere.
