The USRobotics Charging Stand for iPad/iPhone is the perfect accessory for hands free viewing while charging. The small, stable stand can be used with most iDevices with a 30 pin connector including the iPad, iPhone, iTouch, and iPod. Go hands free and surf more comfortably or connect speakers to the line out port and watch videos. Attach a 30 pin cable to the stand and an approved power source to charge your device. Use this stand to become even more efficient and pair your iPad with a USR Bluetooth keyboard to type more comfortably. This compact stand is the perfect accessory for all iDevice users who want to go hands free and charge at the same time.

USRobotics®

Dock your iDevice for usable charging

Charging Stand	• Combining two needs into one small package, with the addition of the iDevice cable this stand becomes a charging dock in addition to a stand • Use the stand to hold the iDevice at a perfect reading and watching angle, perfect for videos and photo slideshows
Accessorize	• Great for use with additional accessories like Bluetooth keyboards • Use the line out jack to connect speakers
Applications	• Connect the stand to your computer with the iDevice cable to sync and charge the battery • Connect the stand to a power supply with the iDevice cable to charge the battery • Connect the stand to speakers with the line out jack and listen to music with better quality audio • Watch videos without having to hold the tablet the whole time • Use the stand to hold the iDevice while paired with a Bluetooth keyboard to easily write emails or notes • Use in the kitchen to easily follow recipes on your tablet
